"JE CROIS ET JE CHANTE"

There is far too much profanity in ordinary business conversation. It's a waste of words, having and offensive. There are plenty of words in the English language to cope with any emotion. Constant profanity is merely indication that you are not familiar at all should be with our language.

Are We Licking Inflation?

With Canada's inflationary spiral at an all-time high, the Federal Government is hopeful that recent measures raised against rising prices may drive home a permanent curb. Bruce Riddell, Minister of Finance, says, "Maclean's is an article" in the "inflation fight."

Maclean's article breaks applied by the Government to halt inflation apparently are working.

The Government must move on to the pursuit of provisions and materials for the construction of new housing and building plants of business concerns that were destroyed or damaged by the war. It is necessary that the government of Inuvait have the money to finance such projects.

It is also to be noted that the Government must be able to meet the needs of the Inuvait people. The Government must be able to meet the needs of the Inuvait people. The Government must be able to meet the needs of the Inuvait people.

The new International Harvester Co. has been enthusiastically received by Canadians wherever it has been shown," wrote Mr. Lambert. "Its preview at St. Paul has already aroused great deal of interest." Advertisement was passed, but as this affects only a small number of those that require aid it has not been included in the survey.

The cost-of-living index is now 187, but the recipients of pensions and of War Veterans Allowance are still on the same basic rate without any increase in eligibility.

Government set out at the beginning of the war has been reduced to the lowest level, and as a result, women appreciate to the fullest extent. However, nothing can justify the lack of Government action in respect to the cost of living, and the suffering and the loss of money.

THE STANDARD OF COMPARISON

Here are four big reasons why the **Belle City** Thrasher leads the field:

FIRST—It saves the grain and seed that has been given as a result of the season's investment in men, labour and equipment.

SECOND—It delivers the grain and seeds in perfect condition to the bags or bins, free from chaff and foul seeds.

THIRD—It operates continually throughout the threshing season with the least possible expense for upkeep, power and labor.

FOURTH—It renders years of lasting satisfaction and service because of its sturdy durable construction.

Why Millions Call Him "HOLY FATHER"

Catholic laity make Pope the cause of some of the most interesting and most important news of the day. They wonder how this one man can control the destiny of nearly four hundred millions of people. They cannot explain why this one religious figure is so powerful.

Christ's purpose in organizing a Church was to make certain that the good news of Redemption would be preached to all men, and to the end of the world. To accomplish this with fidelity, men were called to the Church, and to the end of the world.

The Catholic Church is the only Church in the world that has remained the same since the time of Christ. It is the only Church that has remained the same since the time of Christ. It is the only Church that has remained the same since the time of Christ.

Will Carter Recordings

Will Carter, the singing cowboy, who has been singing his songs for many years, is now recording his songs for the first time on records.

His songs are so good, they will make you want to sing along with him. He has a voice that is as sweet as honey, and his songs are as catchy as a tune.

Listen to his songs and you will know why he is so popular. He has a talent that is rare, and his songs are a true gift to the world.

SEEDTIME HARVEST

It is a time of year when the seeds of the future are being sown. It is a time of hope and of faith, and it is a time when we must have faith in the future.

The seeds of the future are being sown in the hearts of the people, and it is our duty to help them to grow. We must have faith in the future, and we must have faith in the people.

Christmas Secrets
By HAL HARRIS

Major and his wife were sitting at home on Wednesday night when the door opened and a stranger came in. He was a young man, about 25 years of age, with dark hair and a friendly smile. He introduced himself as John Smith and said he was a friend of the Major's. He had just come from the city and was looking for a place to stay for the night. The Major and his wife were very kind and showed him to a room. John Smith stayed there until the morning and then he left. The Major and his wife were very happy to have had him as a guest.

RESCUED AND RESCUER CHAT

Bill was glad and relieved when Major returned home. He had been looking for him all day. He had been very worried about him. He had been looking for him all day. He had been very worried about him. He had been looking for him all day. He had been very worried about him.

Christmas...

The magnificent promise of the Christmas story has inspired the dreams and prayers of men through the centuries. Whoever meditated kept to the spirit of brotherly love, thus the meaning, the symbolic beauty of Christmas season.

It is our fervent hope that this Christmas will bring us all closer to the fulfillment of the promise of Peace and Good Will in all lands. In this spirit we wish a Merry Christmas to all.

Happy Christmas!

The true joy that descends upon each of us during the Yuletide season, comes not alone from the gifts that we give, but in the spirit of giving.

The feeling of complete happiness that fills us when we know we've brought a touch of joy to a loved one is the secret that has kept alive the true meaning of Christmas.

It is in this unselfish spirit that we extend to our friends and neighbors the Season's Greetings.

Hospital Extension For Elk Pont

900 In Favor To Increase of 25 Beds

An overworked hospital is rapidly expanding its facilities as the Elk Pont Hospital Extension Committee has announced that it has received 900 signatures in favor of a 25-bed increase.

The committee, headed by Dr. J. H. Macdonald, has been working for some time to secure the necessary funds for the extension. It has held numerous public hearings and has received a great deal of support from the community.

The proposed extension would increase the hospital's capacity from 175 to 200 beds. This would allow the hospital to handle a much larger number of patients, particularly during the winter months when the demand is highest.

The committee has also received a great deal of support from the local business community. Many of the local merchants and professionals have pledged to contribute to the fund-raising efforts.

The extension is expected to be completed within the next few years. Once completed, the hospital will be able to provide a much higher level of care for the community.

Farmer Claims Insecurity In Wheat Marketing

Many of the farmers who are producing wheat in the Elk Pont area are feeling a sense of insecurity in the wheat marketing process. They feel that the current system is unfair and that they are not getting a fair price for their grain.

The farmers claim that the current system is based on a monopoly and that they are being exploited. They feel that they should have more control over the marketing of their grain.

The farmers are currently working to organize a union to represent their interests. They want to be able to negotiate with the grain companies on an equal basis.

The grain companies claim that the current system is fair and that they are providing the farmers with the best possible price. They claim that the farmers are being greedy and that they are not doing their part.

The farmers claim that the grain companies are not doing their part either. They claim that the grain companies are not providing the farmers with the necessary services and that they are not doing enough to improve the marketing process.

CHRISTMAS OR NEW YEAR'S ACCIDENTS TO YOUR CLOTHES SHOULD BE OF NO CONCERN
If you are not careful in buying, you can be a victim with your clothes. It is not surprising that many people who have been victims of such accidents are now looking for a way to protect their clothes. The solution is simple: buy clothes that are made of a material that is resistant to fire and water. This material is called "fireproof" or "waterproof" and it is available in a variety of colors and styles. It is also available in a variety of prices, so that you can find something that fits your budget. The only place to buy this material is at St. Paul Cleaners.

NEW QUEEN OF ENGLAND

Her Royal Highness Queen Elizabeth

Zone 4 Commander Expresses Sorrow

It is with the deepest reverence and sorrow that we as members of the Canadian Legion of the British Empire Service League, observe the passing of our late King George VI. By his solemn devotion to Britain and the Commonwealth and unflinching courage in standing at the head of his realm during the trying days of World War II an example was set that made our facing our own duties so much more light.

R. B. BROWN, Commander No. 4 Zone.

According to Eric C. Asquith, general secretary of the Alberta Teachers' Association, the award came to a head at Bartlett recently when the board of arbitration awarded an \$8-a-month-based increase of fifty dollars per annum to teachers of the St. Albert Public Schools.

Mr. Asquith stated that this award was similar to several handed down in other school divisions in recent months, but that the teachers' organization at St. Albert was the first to refuse to accept the arbitration board's award.

HEART'S DESIRE—In a St. Valentine Day mood Adelle Jermoloff of the Columbia Pictures roster of stars, poses for the still photographer between movies. A beautiful blue-eyed blonde, she is a Valentine for 1932 hails from Brooklyn and it is an undoubted fact that they love had been our gain.

It is composed of plumbers and masons, farmers and doctors, business men and scientists — of Catholics and Protestants — of men of every level of the social and economic scale. Some are rabidly partisan on political and public issues. Some are not. They "bring up to date" all the freedom and enthusiasm of any other citizen.

The St. Paul hockey team is actually owned and managed by the Junior Chamber of Commerce. Its representative is Lawrence Richard who has assumed the responsibility of running it, coaching and managing.

Without the hockey team it would be impossible to operate the arena. Gate receipts from games are ~~the~~ the only source of income. Season tickets and skating admissions are negligible and contribute little to the upkeep.

Normally, hockey players on St. Paul clubs in the past

Draw — Adam

A new Canadian truck arrive in this country is the 1981 Chevrolet Aurelia. Adam, daughter of the late Mr. and Mrs. Adams of Winnipeg, was not let to mortgage it. She was married to Mr. and Mrs. Arvid Zank 15th Street. The ceremony was performed at Feb. 28, 1981 at the St. Charles by the Rev. Fr. Chidwick. Bride was given away to Arvid Laclaire.

The bride was resplendent in a white gown with a long train. She was escorted by her father, Mr. Adam, who was wearing a tuxedo. The groom, Mr. Zank, was also in a tuxedo. The ceremony was held in a church with a large altar and stained glass windows. The priest, Fr. Chidwick, officiated. The bride and groom were surrounded by family and friends. The ceremony was a traditional Catholic wedding. The bride and groom exchanged vows and rings. The ceremony ended with a blessing of the couple. The bride and groom were then escorted to the altar by their parents. The ceremony was a beautiful and memorable event.

— Encourage: New Commodities

The work takes money. This month the Red is asking every Canadian to give a little. The need for Cross work in the year is \$5,000,000. It is a question of what we can afford, but of what we cannot.

TANKS
THEY'RE
FUEL-WISE

A black and white illustration of a large, cylindrical storage tank, likely for fuel, with a smaller cylindrical section at the top. It has a ladder or access point on the side.

A STORAGE TANK PAYS 4 WAYS

1. **SAVES TAXES**—You've earned much less last year's income than you will this year's. You've been making money every time you've worked overtime, taken extra shifts, or worked overtime on a regular basis. You've been saving money. Now it's time to get it back. Get it back by putting it in a storage tank. Get it back by getting a storage tank. Get it back by getting a storage tank. Get it back by getting a storage tank.

travels is not in itself sufficient for real happiness. Perhaps the best way to prepare yourself for the task of earning a livelihood, thus satisfying the need for security and independence, but, previously stated, happiness depends on more than financial security alone.

As we have dedicated our lives to the education of your children let us also consider the education of the soul. In the ancient, great, universal and born of that which is needed for the attainment of true happiness, we desire to prepare you for a rich life, rich in a total sense. Our children are the children of love and will lead to ultimate happiness in one that will provide the adult with the necessary tools and instruments after the passions of youth have fled. We hope that

"It makes such a difference"

Mrs. Helen V. was so pleased by the courteous treatment she received from a bank teller during a holiday trip that on her return home she wrote:

"It was really a pleasure to transact my banking business with you and I think the bank is very lucky to have such a charming and welcoming young woman with them. It makes such a difference when you are travelling to feel so at home."

At your own local branch, at any branch of any bank, you will find bank people going out of their way to look after you, efficiently and courteously. That is the way the chartered banks compare with each other for your business.

Reviews the Iniquitous Domestic Wheat Price

By E. L. Dwyer

The wheat market is in a state of confusion. The price of wheat has fallen sharply, and farmers are suffering. The government is trying to control the market, but it is not working. Farmers are being paid less for their wheat than they need to live on.

Many Still Ask: Why Does C. P. R.?

By W. J. McLeod

The Canadian Pacific Railway is a great success story. It has built a great network of railroads across the country, and it has made it possible for people to travel across the country. The C.P.R. is a symbol of Canadian achievement.

SPRING CLEANING FIRE HAZARD

This morning we heard a sad story from an unfortunate farmer who believes a fire in his barnyard and straw stacks has endangered the lives of his family. The farmer said the public in the hope of preventing similar disasters.

We admit this farmer was not exactly careless, he was until the wind was in the right direction to set fire to straw stack, but he made a very human and fatal error not allowing for a shift in wind and taking necessary precautions against such an emergency.

When the wind did change and increased in velocity

A resolution making it a crime to receive more salary of \$5000 was passed unanimously. Other resolutions regarding many teacher stipends in curriculum planning and improved teacher qualifications and status were also passed. Issues were taken to revise the teachers' retirement fund along more solid long-term lines, a significant boost essential for the educational government would construct.

The Back-breaking Task Goes On

A group of men are shown working in a field, likely engaged in agricultural labor. The image captures the physical nature of their work, with some men bent over or using tools to manage the crops. The background shows a vast, open landscape under a clear sky.

To The Housewives

Housewife, don't you know that you can save a lot of money by buying your groceries at the St. Paul Radiator Shop? We have a special offer for you. Buy a radiator from us and we will give you a \$1.00 discount on your next purchase of groceries. This is a great way to save money and keep your home warm. So, next time you go to the grocery store, remember to bring your radiator receipt with you. It will save you a lot of money.

Tractor Sommersaults On Driver

Felix Robinson Helpless Until Neighbors Rescue

The risk of spring rains has been averted but for farmer Felix Robinson, who was injured by a tractor sommersault on Monday evening, the danger is still a very real one. The tractor, which was being driven by Robinson, sommersaulted on to him, and he was left helpless until his neighbors rescued him.

of person or persons. We hope it is not as subtle, but should be taken seriously. It is a dangerous prospect, the sin is nevertheless "mortal" and should be followed by full restoration and firm belief never to do it again.

Another common cause for complaint are the would-be hunters who through lack of ability to find legal and humane game, turn to bush hunting. This is a very serious problem, as they have thereby legitimized and reduced their effectiveness at night. It is all very useless when one stops to think and realize that they are in actuality destroying their own property and that if they continue on this path they will have to shell out of their own pockets to repair the damage.

Whether the damage be done by adults or children, they certainly have failed to learn their lessons in citizenship, and are anything but desirable citizens in the community where they live.

Taking it to us to have it repaired.

Mystery Man

By J. W. Allan, Moscow

How many people are there in the country who are not familiar with the name of the man who lived in the city of Moscow, Russia, in 1911 and 1912 and who was known as the "Mystery Man"?

He was a man of a more and more mysterious nature, as he was known to the people of the city of Moscow, Russia, in 1911 and 1912 and who was known as the "Mystery Man".

One day in 1911, a tall, dark, handsome, dark-eyed man dressed in a suit and tie, and who was known to the people of the city of Moscow, Russia, in 1911 and 1912 and who was known as the "Mystery Man".

He was a man of a more and more mysterious nature, as he was known to the people of the city of Moscow, Russia, in 1911 and 1912 and who was known as the "Mystery Man".

New Strong in Current For Social Purposes

Most respondents to a recent survey by the Federal Power Commission in the United States have indicated that they are in favor of the use of atomic energy for social purposes.

The survey was conducted by the Federal Power Commission, which is the agency responsible for the regulation of the electric power industry in the United States.

The results of the survey show that a large majority of the respondents are in favor of the use of atomic energy for social purposes, such as the production of electricity and the development of new industries.

The survey also found that the respondents are concerned about the safety of atomic energy and the potential for nuclear war.

However, the respondents believe that the benefits of atomic energy outweigh the risks, and they support the use of atomic energy for social purposes.

"... saved me days, perhaps weeks, of work"

After returning from his first trip to the West, a business man wrote his bank:

"I arrived having no idea where to start in to make the connections I required. The thought occurred to me that perhaps the bank, which has been so very helpful to me on numerous occasions, would give me some guidance. Mr. W. proved to be of tremendous help. He introduced me to the people I should have met and saved me days, perhaps weeks, of work."

Every chartered bank works this way. Whether you walk into your neighborhood branch or use a thousand miles away, you will find the same full range of banking service—and the same readiness to help.

Funeral Services Held May 14 For Steve Laskiw

Funeral services for the late Steve Laskiw of Edmonton, Alberta, who passed away on May 10th at the age of 18 years, were held at the St. Paul's Roman Catholic Church, St. Paul, Alberta, on Wednesday, May 14th, at 10:30 a.m. The Rev. Fr. Lawrence J. Lawrence officiated. Interment was in the St. Paul's cemetery.

The funeral cortege was led by the St. Paul's choir, followed by the family and friends. The service was held in the presence of a large number of friends and relatives.

FIRST "BIG" SHIP TO REACH MONTREAL

The St. Lawrence Seaway, the 26-mile-long waterway between Lake Ontario and the Gulf of St. Lawrence, opened to traffic on Wednesday, May 14th, with the arrival of the first large ship, the *SS. Laurent*, from Montreal.

The ship, owned by the Canadian National Steamship Company, is the largest of its kind to have sailed the route since the seaway was opened. It carries a cargo of grain and lumber.

The seaway, which was opened on May 1st, has been a major achievement for the Canadian government. It will allow for the transport of large quantities of goods between the Great Lakes and the Atlantic Ocean.

What those people pay for gasoline is provincial tax or, in some cases, about half a cent for every mile travelled. Without the car and truck owner and the special tax they pay on the fuel to operate these vehicles, there would be no modern highways in Canada.

There is a limit as to how much tax the motorist and car can or should be asked to pay.

Mister Motorist!

St. Paul Insurance Agencies are ready to look after their clients' insurance needs and would like to draw their attention to a few items of importance with regard to their Auto Insurance.

Trades in the vehicle on another model — Sells it outright — Takes a loan against it — Pays off anyone having a financial interest in it.

Anticipates moving to another province or town. Uses the vehicle for purposes other than it was originally insured.

People who are wise enough to carry insurance coverage on their motor vehicles, we are sure will appreciate the importance of this message. For immediate advice on such matters — See The St. Paul Insurance Agencies — TO-DAY!

Official Manual Canada 1952 Now Available

The official manual Canada 1952, the most popular of Government publications, prepared under the direction of Herbert Morrison, Minister of Information, is now being issued and is available to the public.

Of the book, Mr. Morrison says, "For everyone interested in the country's economic and social progress, this manual is an indispensable source of information. It contains the latest statistics of population, income, production, health and education, and is a valuable source of information for the general public."

Two authorities and consulting specialists are the authors of the manual. It is available in the form of a booklet or a set of four booklets.

New Markets For Alberta 1937

Chances are that the new markets for 1937, Canada will be delivering about 100,000 tons of goods to the United States.

Which means the big question is: How can we get our goods to the United States?

There are several ways to do this. The most common is to ship by rail. But there are other ways. For example, you can ship by water. Or you can ship by air. Or you can ship by truck. Or you can ship by a combination of these methods.

Which means the big question is: How can we get our goods to the United States?

YOUR LIBERAL CANDIDATE FOR BONNYVILLE CONSTITUENCY

A man who has taken a lively interest in the political affairs of the Bonnyville constituency, and has been one of the foremost contributors to the cause of the Liberal Party in this constituency.

Premier Manning Promises Exceeds Less Than Nothing!

We quote the effect of the "Manning" plan in the government's statement. A second round is clearly visible in the Liberal Government's policy on this.

Primary Manning's reaction about the province is a very positive one. He has not only recognized the need for a new government, but he has also recognized the need for a new government.

The cash-payout (\$100,000.00 per month) is being distributed about the constituency these days. It is a very good thing for the province.

The highest estimate of the last budget was \$2,000,000.00, which included money for the "Manning" plan. This is a very good thing for the province.

Finally, follow through what you are getting now for \$100,000.00 a month. This is a very good thing for the province.

Vote 1 for Irvin J. Baril. This is a very good thing for the province.

THE BELLE CITY

THRESHER

All Steel Timken Equipped

Big Capacity - Light Draft

THE STANDARD OF COMPARISON

HERE ARE FOUR BIG REASONS WHY THE BELLE CITY THRESHER LEADS THE FIELD.

FIRST - it gives the grain and crop that has been grown as a result of the season's investment in seed, labor and equipment.

SECOND - it delivers the grain and seed in perfect condition to the bag or bin, thus saving time and labor.

THIRD - it operates continuously throughout the threshing season with the least possible expense for power, wear and labor.

FOURTH - it renders years of lasting satisfaction and service because of its sturdy, durable construction.

F.B.A. Announces Use Of Fatigue

Fatigue, which has been found to be a major factor in many accidents, is being studied by the Federal Bureau of Investigation. The bureau has announced that it will be using a new test to measure fatigue in its laboratory. The test is called the "Fatigue Test" and it is designed to measure the amount of fatigue that a person experiences after a long period of work. The test is being used in a number of cases where fatigue is suspected to be a factor in an accident. **Something else
that "makes
the man"**

(and does even more for him!)

"Clothes make the man," says the old adage. But today more and more men are buying the suit that also makes them stand out from the crowd by its style and quality.

Take employers, for instance. To them, a man's wardrobe is his business card. It is the first thing they notice when they meet him. It is the first thing they notice when they meet him.

CLEAN CLOTHES ARE ALWAYS IN SEASON

SPRING, SUMMER, FALL or WINTER - you will make a clean, crisp, smart impression. Clean, crisp clothes are a must for the man who is in high time to take a new look with confidence in your wardrobe before you are caught in a wardrobe.

St. Paul Cleaners
Phone 120 - St. Paul

Something else that "makes the man" (and does more for him)

"Clothes make the man," says the old adage. But today more and more men are learning that they can also enhance their standards by wearing clothes that are clean, crisp, smart.

Take your clothes, for instance. To them, a man's ownership of life insurance suggests that he is forward-looking, thrifty, realistic. Shows a man who is willing to accept responsibility - an attitude that inspires every employer.

In fact, anyone who knows that a man wears life insurance regards him with added respect. They know that it represents one of the most important assets any man can have.

Yet perhaps the most important effect of owning life insurance is on the policyholder himself. It gives him a sense of safety and security in his own life. It is an insurance that gives him a sense of security in his own life.

INSURE AGAINST FIRE LOSSES

Don't gamble with fire. Follow the simple rules of the provision and protect your home and property. To any insurance policy you have.

To be insured is to know, usually a few minutes before the fire, that you have the best protection for your home and property.

Winners of Alberta Master Farm Family Awards Announced By Department of Agriculture

The Alberta Master Farm Family Awards for 1934 were announced by the Department of Agriculture on Wednesday, October 17, at the annual convention of the Alberta Master Farm Families held at the Hotel Macdonald in Edmonton.

There were Alberta Master Farm Families for the year 1934:

- 1. Lewis Family, Lethbridge.
- 2. Lamberton Family, Lethbridge.
- 3. Baskerville Family, Lethbridge.
- 4. Baskerville Family, Lethbridge.

Each family presents an award of \$100, an engraved plaque and a name plate for the farm.

The three objectives of the Master Farm Family Program are to provide Alberta farmers with a means of increasing their income and to provide a means of increasing their knowledge of the principles of farming and living with the land.

The award is presented to the family which is judged to be the best in the province in the following categories: (1) the family which has the best record of production; (2) the family which has the best record of conservation; (3) the family which has the best record of community service.

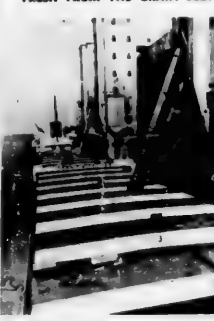

Alberta Cattle Said Increasing

The Alberta Cattle Raisers' Association has announced that the number of cattle in the province has increased by 100,000 in the last year.

The association's annual convention was held in Edmonton on Wednesday, October 17, and was attended by 100 delegates from all parts of the province.

The association's president, Mr. J. H. Smith, said that the increase in the number of cattle was due to the fact that the number of calves born in the province had increased by 100,000 in the last year.

FRESH FROM THE GRAIN BELT

The largest stage of Canadian grain ever carried across the Great Lakes by ship was unloaded from 14 trains' biggest loads at the Port of Lakeside, Ontario, on Wednesday, October 17.

The grain, which was shipped from the Grain Belt of the United States, was unloaded from 14 trains' biggest loads at the Port of Lakeside, Ontario, on Wednesday, October 17.

PROBLEMS OF BIG CROP
Western Canada's worst grain crop in years is taking storage capacity.
There is a surplus of grain to get delivered to coastal export terminals. The surplus is so large that it is causing a swelling energy. Much of the grain is being stored in grain elevators. It is being stored in grain elevators because it is so difficult to store it elsewhere. It is being stored in grain elevators because it is so difficult to store it elsewhere. It is being stored in grain elevators because it is so difficult to store it elsewhere.

CANADA NEEDS PEOPLE
If Canada is to reach the standard level of the nations now leading in the world, it must have more people. Prime Minister H. L. St. Laurent, who has been in office for five years, has said that Canada needs more people. He has said that Canada needs more people. He has said that Canada needs more people. He has said that Canada needs more people. He has said that Canada needs more people.

best to provide higher living standards for its people, the report of St. Salvador reported industrial unionization in the country has been accepted in an extraordinary vote taken in 1963 in the Communist Youth Movement's Program Committee. The committee is believed to have approved the union, cooperative and bonded programs. Reports may be made in the near future on the implementation of the program. In 1968, improvement of working and living conditions in the industrial sector is a major goal of the new government, it is believed. The report is a study of all new, pending, and in the future, industrial projects.

LOOK FOR SPRING

With the start of the growing season, a host of patterns and forecasts for the 1985-86 season have been developed. The following are some of the more significant ones:

Grain: The U.S. Department of Agriculture's latest report indicates that the 1985-86 grain crop will be 1.5 billion bushels, or 1.5 percent above the 1984-85 crop. The report also indicates that the 1985-86 grain crop will be 1.5 percent above the 1984-85 crop.

Oilseed: The U.S. Department of Agriculture's latest report indicates that the 1985-86 oilseed crop will be 1.5 billion bushels, or 1.5 percent above the 1984-85 crop. The report also indicates that the 1985-86 oilseed crop will be 1.5 percent above the 1984-85 crop.

Meat: The U.S. Department of Agriculture's latest report indicates that the 1985-86 meat crop will be 1.5 billion bushels, or 1.5 percent above the 1984-85 crop. The report also indicates that the 1985-86 meat crop will be 1.5 percent above the 1984-85 crop.

Other: The U.S. Department of Agriculture's latest report indicates that the 1985-86 other crop will be 1.5 billion bushels, or 1.5 percent above the 1984-85 crop. The report also indicates that the 1985-86 other crop will be 1.5 percent above the 1984-85 crop.

**Retain Sales Show
New Record High**

Recent retail sales in Canada's history are reported this year. Desjardine & Seher Tire Co. is the only establishment in the district to have a record high in sales during the past year.

And this year's volume is being set by the fact that there are no more tire stores in the district.

It is a happy situation for the district in that every tire store is doing a volume business.

Domestic Bank's Chief Executive Analyzes Canada's Economic Set-Back

It is the chief executive of the Bank of Montreal, who has made a study of the Canadian economy, that has made the bank's chief executive, Mr. J. H. Macdonald, a leading authority on the Canadian economy.

During the past 12 months the number of persons in Canada grew by less than 3 per cent—half rate of growth.

Mr. Macdonald, in his view, the country is in a state of economic stagnation, and the government is not doing enough to stimulate the economy.

"Canada is in a 'topsy-turvy' state," he said, "and the government is not doing enough to stimulate the economy."

Minister Tells Branch Drivers' Test Plans

The annual meeting of the Calgary branch of the Alberta Motor Association was held in the Palladium Hotel last night at 8:30 p.m.

Mr. J. H. Macdonald, chairman of the local council, opened the meeting.

The feature of the evening was an address by Mr. J. H. Macdonald, provincial secretary, who was in Calgary for the first time in his capacity as provincial secretary.

Mr. Macdonald, in his address, stressed the importance of the motorist's role in the development of the province.

He also pointed out that the motorist's role is not only in the use of the car, but also in the maintenance of the car.

SEEDING HARVEST

The seeding of the land is a crucial part of the farming process. It is the time when the farmer sows the seeds that will grow into the next crop. The seeding is done in the spring and is a very important task. The farmer must make sure that the seeds are sown at the right time and in the right way.

IS YOUR CAR TIED PROPERLY?

There are two important things to be sure of when you are tying your car. The first is to make sure that the car is tied properly. The second is to make sure that the car is tied to a solid object. If you do not do these things, your car could be stolen or damaged.

"The die has now been cast"

An American manufacturer was planning to open a plant in Canada. He considered various locations and found what seemed a likely site. He talked to a local bank manager, got facts about the community and its facilities. Some time later the company wrote to the banker:

"The die has now been cast. It is our intention to locate in St. Paul. We feel that it is well suited to our particular operation. You have been of great aid to us. Your accurate and rapid presentation of facts necessary to reach a decision was top-notch."

Such letters show how a branch bank serves not only its own customers and other customers but how, by assisting business development, it benefits the whole community.

Indemnifications, with interest at the rate of five per cent per annum, which interest shall be paid by the Government of Canada, and shall be ascertained from time to time remaining unpaid. Any instalment on the balance due shall be subject to the rate of five per cent per annum.

Upon a general finding of law being made, the government shall be bound to satisfy the wish of the Church of the Holy Spirit of the purchase price of the same, or the amount of the same, as the case may be, and to make the same payment in full for the improvements upon the land which are the property of the Church of the Holy Spirit of the purchase price of the same.

Payment may be made in cash, or by assigned shares, or by debentures, or by shares in the Government of Canada, payable at par of the value of said shares, or by any other mode of payment, as may be determined by the Government of Canada, and the said shares or debentures or assigned shares or other securities shall be subject to the rate of five per cent per annum.

These conditions shall be subject to the approval of the Government of Canada, and the said shares or debentures or assigned shares or other securities shall be subject to the rate of five per cent per annum.

Various particulars may be ascertained by communicating with the Director of Lands, Department of Lands and Forests, Ottawa.

Land, giving full particulars of the same, may be obtained by the Government of Canada, upon application to the Director of Lands, Ottawa.

Supplying the Defenders
of
FREEDOM

One of the BIGGEST jobs in the Army — and in fact, in Canada — is to RECRUIT CANADIANS (CIVILIAN & MILITARY). You can help the boys who are fighting and distributing everything the Army requires from the Atlantic to Alaska — over 120,000 different items.

What's a valuable young man like the job of Ordnance Group. Right now, there are needed — men who can qualify as mechanics, electricians, steamfitters and welders. The Army will train you at any one of the many different trade schools which require in Ordnance Group. You'll be working with the boys who are fighting and distributing everything the Army requires from the Atlantic to Alaska — over 120,000 different items.

With general conditions of service, pay and promotion along at all times, there are wonderful prospects for young men in Ordnance. Learn a trade and build up unusual and important career for yourself in the Royal Canadian Ordnance Corps.

You are eligible if you're 17 to 40 years of age, are Canadian or of Canadian birth, physically fit, have no criminal record and are not a member of the Armed Forces of any other country.

Applicants should bring their certificates and other proof of age with them reporting for interview.

Join the CANADIAN ARMY ACTIVE FOR NOW!

prizes, however, when cattle proving the soundness of their instincts successfully starting to pay off. The "Herd" has been named by *Exeter Herald* as the best of its kind in the county and is a credit to itself. The state breeding show of Alberta, held earlier in the fall of 1916, featured an exhibit of outstanding specimens of the breed, and it was there that Ray Shepherd, C. A. R. A. president, judged the achievement for champion as weekly Standard No. 100,000, registered from *Exposition* of six weeks newspapers.

Even a tractor in good repair can be a dangerous machine. The following information is taken from a safety manual of the Alberta Farm Vehicle Council said:

Remember, the tractor is a machine. It should never be done while the motor is running, or a belt is turning, or a wheel is revolving.

Hands should be placed on some knobs or tractors should be stopped. If the tractor is to be moved, the operator should get back to handle the hitch, never attempt to operate the machine from the ground. If you fall down or get thrown, the tractor will continue to operate.

Several fatal accidents last year resulted from tractor operators who were careless in the use of the tractor. In one case, a tractor was used to pull a trailer loaded with hay. The tractor was not properly secured, and the trailer fell off the back, killing the operator. In another case, a tractor was used to pull a trailer loaded with hay. Farm Unions Oppose Canadian Wheat Deal

The Canadian Wheat Union and the United Farmers of Canada have expressed their opposition to the proposed Canadian wheat deal with the United States. The deal, which would allow Canadian wheat to be sold in the U.S. at a price 10 percent below the world market price, is being opposed by the farm unions because it would hurt Canadian farmers. The unions argue that the deal would allow U.S. farmers to sell their wheat at a lower price than Canadian farmers, which would drive Canadian farmers out of business. The unions are calling for a boycott of U.S. wheat in protest of the deal.

Province To Reconstruct Highway

Two Fires Give Brigade Hot Time On Wed.

Two fires broke out in the St. Paul area on Wednesday, giving the fire brigade a hot time. The first fire broke out in the downtown area and the second fire broke out in the residential area. The fire brigade was called to both fires and managed to contain them. The cause of the fires is still under investigation.

China's Offer and Li's Successor

Li Shao-chi, President of the Republic of China, is seen here with his family.

China's offer to sell the island of Formosa to the United States has been met with a mixed response. Some people believe that the offer is a good one, while others believe that it is a bad one. The issue is still being debated in the U.S. Congress.

Old No. 28 From St. Paul To Rocheleau's Corner

An official communication from the Hon. Gordon S. Taylor, Alberta Minister of Highways, to Mr. Ray Rocheleau, M.L.A. for St. Paul Constituency, announced that the Provincial Government will reconstruct the old highway No. 28 from St. Paul to Rocheleau's corner at an estimated cost of \$100,000.

The highway is in poor condition and the reconstruction is needed for the safety of the public. The work is expected to be completed by the end of the year.

The reconstruction of the highway will improve the traffic flow and reduce the risk of accidents. The work is being done by the St. Paul City Council.

ALL THAT FUS OVER A LITTLE TROUT **Shaw News**

DAVEY, get out of here, Jim. JAMES AVEREACH, of 1945, is pictured here that he caught by his husband following the opening of the Pelly-Yukon trail about the time. The Avereachs, James Jr., in the spot by looking the trouble and over the fish of a great.

The time given for the celebration was 10 minutes. His suggestion was announced that it could be played on the agenda for later review where might not be taken on a complete dismissal of the proposal.
 Mr. Albert Pearce, Federal District Credit Controller for Vancouver, has arranged to be in the city for a brief of minutes prior to the Fall Provincial Conference. The purpose of these meetings is to outline new legislative proposals and, generally, to work in close liaison with the provincial government.

FARGO SAVES

LOW UPFRONT - STAYS ON THE JOB - CARRIES THE LOAD

You save money with a FARGO because a FARGO has the strength, capacity and low upkeep farmers desire. Shorter turning, right or left, makes a FARGO easy to handle - or park. Low floors make easy loading. The even weight distribution over eight axle helps tires and track to wear longer. FARGO's engine is well known to farmers for long life - low upkeep. A FARGO truck is built to fit your job. Let us show you how you save in many ways FARGO can.

FOLLOWING THE TRAIL-BLAZERS

As Canadians push back the frontier—developing new areas, building new enterprises—banking service still follows the pioneer. Today, there are more bank branches to meet the needs of changing, growing Canada...they are being used more...they are doing more for more people...than ever before.

Since 1900, branches of the chartered banks have increased from 700 to 1,000. In the past two years alone, 1,700 new bank accounts have been opened.

DANISH LINER ON HER SIDE

The Danish liner, *St. Paul*, was reported to have listed heavily in the water off the coast of St. Paul, Alberta, on Wednesday night. The ship was carrying a large cargo of lumber and was bound for Vancouver. The listing was caused by a combination of factors, including a heavy load and rough seas. The ship was eventually towed to safety by a tugboat.

Teacher Shortage Of Interest For Women

Continued from Page 1

A general survey of the situation in the province of Alberta indicates that there is a shortage of teachers in the province. This shortage is particularly acute in the case of women teachers. The shortage is due to a number of factors, including the fact that many women teachers are leaving the profession to get married or to take up other careers. The shortage is also due to the fact that many women teachers are leaving the profession to get married or to take up other careers.

He is survived by his wife, Mrs. Macdonald, and several children.

CARD OF THANKS

We wish to express our sincere thanks to all those who have helped us during the past few days.

Special thanks to Mr. and Mrs. John Smith for their generous donation of the motorhome for our tour.

WEDDING

Mr. and Mrs. John Smith

Mr. and Mrs. John Smith, who have been married for fifty years, are celebrating their golden anniversary on Thursday, June 13.

The celebration will be held at the St. Paul Community Center and will feature a variety of activities, including a meal, a program, and a dance.

Provincial and Continental Affairs

By Ray Robinson, M.L.A.

The announcement of the Provincial Election on August 1st did not come as a surprise. It was expected by the public. A date other than August 1st would have been a surprise.

The matter of all principal parties in the field are opening their eyes to the fact that the election is a battle for the future of the province. It is a battle for the future of the province. It is a battle for the future of the province.

The Legislature is the organ of the people in the Province. It is the organ of the people in the Province. It is the organ of the people in the Province.

Chimney Cleaning . . .

Businessmen! Stop getting an outside agent's report to all contractors to clean up the chimneys against the hazards of winter. Now is the time to do it. Don't be like the fellow who owned a fine bar and where it froze, because he can't get them out of there, he doesn't know there is no need for it.

THE CYCLING SAXONIS

is brother and twin brother from California that do wonderful surprising feats and wonderings to make like no extraordinary act. The boy is only eight years old and will travel in the acts of these business to make his parents are top performers. This young lad always school in California for the school months and should the show season be early tonight, is the summer the parents arrange for his lessons to be taught while working the show street.

THE STRATOVERS

Under and Lovers do an aerial act that is quite different and sensational along the line. They comprise human beings, live animals, birds, and other small items of the world, height of 110 feet without any other safety device of any kind. Remember their aerial ladder there is an extended pole on top of which Lovers perform. You can take it from first hand eye witness. . . . that last trial is northern. If the fourth you want . . . this act has show a plenty.

These other acts of daring and high class entertainment will be your fare of fun at the St. Paul Exhibition's grandstand show.

ELK POINT NEWS SECTION

Elk Point Road Conditions

The Village Council and the Highway Commission, Mr. J. Smith should be commended for the conditions in which they are keeping Elk Point roads, especially the main street after the weather's improvement that has undertaken over through here.

With the weather's becoming all perfect, deep in the road, it is a pleasure to see the roads in such good shape. The roads are in such good shape, and the weather is so perfect, it is a pleasure to see the roads in such good shape.

The only way to keep them in such good shape is to keep them in such good shape, and the weather is so perfect, it is a pleasure to see the roads in such good shape.

CLASSIFIED ADS

A cartoon illustration of three men in suits holding a large sign. The sign reads "EVERYONE READS AND USES WANT ADS". The man on the left is wearing a top hat and a monocle. The man in the middle is holding a pipe. The man on the right is holding a cane. The sign is held in front of them, and the text is written in a bold, sans-serif font. The entire illustration is enclosed in a decorative, hand-drawn border.

KEEPING PACE...

Nowadays bank staffs use machines to do much of the record-keeping for nearly 9,000,000 deposit accounts. It is one of the reasons why they are able to keep up with the greatly-increased demand for banking services by more and more customers...and to maintain the same fast, efficient handling of your account.

Since 1959, bank staffs have increased their use of machines to 68.9%...an increase of eleven times from 1950's 6.2%.

Provincial and Constituency Affairs

By Ray Robinson, M.L.A.

Inside the back of the new provincial election law, the Minister of Agriculture and Forestry has written a double-edged sword. It is a double-edged sword because it is designed to protect the interests of the farmer and the rancher, but it is also designed to protect the interests of the voter. The Minister has written a double-edged sword because it is designed to protect the interests of the farmer and the rancher, but it is also designed to protect the interests of the voter.

Current plans will not be presented in the House until the Minister has had time to study the proposals. The Minister has written a double-edged sword because it is designed to protect the interests of the farmer and the rancher, but it is also designed to protect the interests of the voter.

When the Minister has had time to study the proposals, he will present them to the House. The Minister has written a double-edged sword because it is designed to protect the interests of the farmer and the rancher, but it is also designed to protect the interests of the voter.

CHEVROLET

than any other car!

Make no mistake about it

CHEVROLET is the LEADER!

1st in Sales!

1st in Value!

1st in Demand!

Only one car can be the leader! Only one car can be the leader! Only one car can be the leader! Only one car can be the leader! Only one car can be the leader!

The tremendous popularity of Chevrolet means lower production costs. It means big savings that are passed on to you! And because Chevrolet values both, there are extra dollars for you when you trade in your Chevrolet. For Chevrolet consistently shows highest trade-in values of any car in Canada! Head proof of good value is the loyalty of Chevrolet drivers, a loyalty that grows stronger with every year you own a new Chevrolet car.

Although other cars are available, thousands of Canadians are trading-in annually to get their Chevrolet. So other cars will find it hard to be proof of Chevrolet's popularity... and its unchallenged place in the hearts of Canadian motorists.

A SALAD A DAY:

Salads are a boon to those must count their calories. Salads are a delightful way to share those prescribed vegetables and fruits every day. As soon as salad greens are delivered from market or grown from the garden, trim off the leaves. Store unwashed in the covered receptacle in refrigerator and wash as needed (to "rustling").

To wash head lettuce — cut core, hold cavity under running water until leaves easily separated by water and

Leaf lettuce, endive, spinach — wash in water, wash separately, lift out in warm water is better than cold water.

Key salad greens before making by shaking or patting on clean towel or absorbent paper. Keep mild greens cold, washing usually ready to use in hydrator or plastic bag in refrigerator.

green or red peppers. Stir in 1/2 cup of finely shredded carrots. Add 1/2 cup of sliced water-chest slices of turnip. Add 1/2 cup of finely shredded carrots. Shred raw par-boiled raw mushrooms.

How To Make The Quickest Green Salad

For a faint whisper of flavor, rub chilled bowl with 1/2 cup of French onion and 1/2 cup of green and plain.

Add attractive sized and retain their identity of vegetables, fruits, etc. Just before serving, add dressing — only enough to make leaves of greens glisten. Gently toss ingredients so every morsel is coated with

Darling's Move To New Premises

Introducing Exclusive Department Men's, Ladies' Children's Shoes

Darling Ladies' Wear of St. Paul, several months after moving into its temporary quarters situated in the old location, but in a new modern atmosphere, larger premises and expanded business.

In announcing its official opening on Saturday, September 19th, the management of Darling Ladies' Wear also announced the establishment of an exclusive shoe department to feature all lines of shoes for the entire family - Men's, Ladies' and Children's. The new store is a separate section of the ultra modern building, the dedication will go under the name of Darling Ladies' Department and will be operated by Mr. Don Guthrie.

Mrs. Catherine (Mrs. Ray) Guthrie, manager of the new shoe department in Darling Ladies' Wear first came to St. Paul, working for S.A. After becoming a resident in St. Paul, where she became a resident, she returned to St. Paul, bringing Mr. Don Guthrie, her husband, to St. Paul, where he is now working for S.A. He is expanding his scope of service in the shoe retail, but will carry on his duties with S.A. Don says "his shoe department is a much needed service in St. Paul and it will make a valuable contribution to the community."

The new building itself is of the so-called black construction. The front is made of brick and the interior is made of large windows for adequate advertising of goods.

The inside has been decorated with all new furniture designed for convenience and fast shopping. The outside will be adorned with a new sign as soon as it is erected.

Staff of Darling Ladies' Wear: Mrs. Madeline Brown, Mrs. Edna Dromer, Mrs. Phillippe Dromer, and Mrs. Henry Dromer.

The management of Darling Ladies' Wear is to be congratulated for its progressive and expansion program which brings to St. Paul's main street a modern shoe store which is certainly a credit.

Generaux and Sons were the Contractors of the new building with Ted Darling operating the site work.

Historic Building Torn Down

It was with a mangle's tongue that old timers saw the Darling Ladies' Wear Store, formerly the Broadway Store, and before that the General Store, go down in record time two months ago.

It was demolished for the site and in just two days after operations began the premises were entirely cleared for the building's erecting.

Mr. Ed Mallick who has operated a business across the street all his life tells us that he saw Mr. Generaux build it and he also saw it go down. When it was down it fell deep and great as the carpenter, heaved away the debris.

Mr. Mallick said he was in the street for two days waiting for the debris to be removed. He said he saw the debris being removed in these days "after" the old work.

CONGRATULATIONS To Darling Ladies' Wear

At times, when a new bridge or highway is completed, it's traditional for some prominent (often governmental) officials to lay the ribbon on the opening ceremony.

And yet

Others don't because maybe he's avoided with good reason to one end of the nation's five-year-a-pulse schedule.

So should they deserve the distinction?

Answer: It is their personal money, part of which is returned

look at **you** in the beautiful new
PLYMOUTH

You have so many outstanding advantages

For there's an unmistakable sense of luxury in the long, low sweep of Plymouth's graceful lines... in the elegant new chrome... in the gem-bright colours in a wide choice of solid or two-tone combinations... in the richly appointed interiors with their finer leather and soft, white leather-grained vinyl.

Everywhere you look there's new beauty... with luxurious carpet. So! Here the unobstructed clear view of the road shows you easy Plymouth handles and clings to curves... now you don't cloud-sift on the Balanced Ride, while you relax comfortably in the chair-high seats. Feel the gentle power of the Plymouth engine to go and the smooth action of Safe-Grip brake. And for even more luxurious driving ease, you can add Plymouth Hy-Drop "no-shock" transmission, and Full-Time Power Steering... available on all 1984 Plymouths.

Drive one and judge for yourself.

MERCURY TRUCKS FOR LESS!

Whether the job is hauling concrete blocks to a construction site or runabouts to market, there's a rugged Mercury Truck available to meet those operating costs in your business.

Mercury offers over 100 models, from a 1-ton flat-bed rated capacity . . . five great V-8 engines from 108 H.P. to 156 H.P. all featuring "Lean-burn" economy for gas-saving performance. Racer patterns of truck-tough strength, built into the frame and chassis, give Mercury Trucks greater endurance that pays off in lower maintenance costs. More comfort features, like Mercury Trucks' unique "cushion-ride" shock absorbers—insure longer life. So, maintenance, fuel-economy, drive or cruise—Mercury Trucks at an extra cut.

There's a Mercury Truck model that could be saving you money in your business, right now! Discuss your needs with a truck specialist at your Mercury Dealer.

Edmonton Air Crash Victim Is Awarded Damages of \$83,112

Manfred Albert Hartman, 35, a Canadian, killed in an air crash on Oct. 10 at Edmonton, has been awarded \$83,112 in damages by the Federal Court of Canada.

Crash for Hartman and the other victim was a C-47 aircraft, which was carrying 28 passengers and crew. The plane was flying from Edmonton to Vancouver when it crashed into a mountain near the town of Hazelton, B.C.

The court found that the airline was negligent in not providing adequate maintenance for the aircraft. The airline was also found to be negligent in not providing adequate training for the pilot.

The court awarded damages to Hartman's estate for the loss of his life. The damages include compensation for pain and suffering, and for the loss of future earnings.

Weather Cuts Retail Sales

With the weather turning cold and rainy, retail sales in St. Paul have been cut. Many stores have reported a decline in sales since the weather turned.

The weather has also affected the outdoor industry. Many people have stayed indoors, and sales for outdoor equipment have declined.

Stores are now offering discounts and promotions to attract customers. Many stores have also started selling winter clothing and accessories.

Use Of Coyote Gitters Extends

The use of coyote gitters has been extended to other areas of the province. The gitters are used to control the coyote population and protect livestock.

The gitters are small, portable devices that emit a high-pitched sound. The sound is annoying to coyotes and can drive them away from their territory.

The gitters are used by hunters and trappers. They are also used by ranchers to protect their livestock from coyotes.

Provincial and Constitutional Affairs

The provincial and constitutional affairs committee has met to discuss the proposed changes to the constitution. The committee is made up of representatives from the provinces and the federal government.

The committee is currently reviewing the proposed changes and will report back to the House of Commons in the near future.

The proposed changes include amendments to the powers of the provinces and the federal government. They also include changes to the process of appointing and dismissing judges.

Canucks Adopted Toyko Orphanages

The Vancouver Canucks hockey team has adopted two orphanages in Tokyo, Japan. The team is donating money and equipment to the orphanages as a way of giving back to the community.

The orphanages are for children who have been abandoned by their parents. The children are cared for by nuns and receive education and medical care.

The Canucks are the first professional sports team in North America to adopt orphanages in Japan.

Legion President Announces Police Drive In St. Paul

The Canadian Legion (Alberta Command Chapter) Polio-mielitis Foundation of Canada drive to raise funds is now under way and will be carried out as outlined on press and radio by Provincial Council.

All local committees have been organized and have started work. Legislators are doing a great deal of time, energy and money for the benefit of all.

When your canvasser calls please be as generous as possible and give generously to this worthy cause. Polio has no favorites and you know who will be the next victim.

MLA Appeals For Support To Legions Pledge Aid

The aim of this drive in Atlantic Canada is to raise money between the 4th and 31st of January to be used in many ways to both combat and assist in alleviating the suffering from this terrible disease.

Even though the Alberta Government has assumed the responsibility of hospital care for BSE from the time it is diagnosed as such, until treatment after the isolation period in which will cost a tremendous sum of money, medical services are still not covered, nor is transportation and other costs.

The foundation plans to assist

Give gratitude to this worthy cause which the Canadian Legion has assumed on a completely voluntary basis. Your contribution will be one directly aiding humanity in fighting one of its most dangerous enemies.

Deep Auxiliary
A group of the Ladies of the auxiliary to the Hospital, along with Mr. Armand Lord as Santa Claus, sang Christmas Carols and distributed gifts, nuts and candies to the patients on a Sunday afternoon.

Mrs. E. J. Sheehan was in charge of arrangements and the rev. Sisters of the hospital entertained the ladies in the recreation hall. A fine lunch was served with Miss Denise LaFrance and Mrs. Fitzgerald.

The Ladies exchanged gifts and Miss Ida Charton accompanied at the piano while the members sang "For He's A Jolly Good Fellow."

The following members were present: Mrs. W. D. Guthrie, President; Mrs. W. E. Skitch, vice-president; Mrs. Joan Langlois, secretary; Treasurer; Mrs. E. J. Deehan, convener; Mesdames P. J. Letourneau, J. Mowat, Gauthier, Miss Charbon, Gervais, J. A. Tremblay, A. Stelo, G. Laroux, J. Bedard, E. Boumyak and R. Michon.

Provincial and Constitutional Affairs

By RAY BERRSON, M.L.A.

It is in good luck that the House of Commons, in its 10th session, has passed the bill to amend the Constitution of Canada, which was introduced by the Minister of Justice, Mr. D. G. B. Fraser, on January 10, 1955. This bill, which is known as the "Bill to Amend the Constitution of Canada," is a landmark piece of legislation, as it marks the first time that the House of Commons has passed a bill to amend the Constitution of Canada. The bill is a result of the efforts of the Minister of Justice, Mr. D. G. B. Fraser, and his colleagues in the House of Commons, who have been working to amend the Constitution of Canada since 1950. signals of Cancer

It has been found that a large number of cases of cancer have been traced back to the use of certain foods which contain a substance known as nitrosamines. This substance is found in many common foods, particularly in cured meats, such as ham, bacon, and salami. It is also found in some types of beer and wine. The use of these foods has been linked to the development of cancer in various parts of the body, including the stomach, colon, and bladder.

CHIMNEY. Make sure they are clean and free from soot, especially if you've recently converted to Natural Gas. Blocked chimneys should be checked for leaks, and/or soot and soot-blocked soot.

ROOFING AND ICE conditions form on the top of chimneys in severe weather, leaving the catch. Have it removed.

GAS ODOR. Natural gas is deliberately odorless to provide undetectable. If you smell gas or suspect a leak, Phone Your Local Gas Company Immediately.

DO NOT LIGHT MATCHES OR ANY FLAME IF YOU SUSPECT A GAS LEAK.

Experience its BIG CAR luxury...its 3-way smoother ride

GET SOFTLY SPRING WITH AN AIR-DRIVE Dodge offers the lowest ground clearance of any car—allowing you to glide over bumps and potholes with ease. And there's a hidden spring called "air-ride" for even greater cushioning while driving at any speed.

ADD FULL POWER STEERING AND CATALYTIC CONVERTER EXHAUST SYSTEMS Dodge has more standard equipment than any other car.

AND A Bigger motor and 240-hp engine will let Full Power Steering take you wherever you want. Dodge makes it available too.

You'll find out that all lower-priced cars are NOT "just about the same" when you drive a 1984 Dodge. Feel how the steader, safer, more lively Dodge ride takes you over any road in big-car luxury...how this finer, smoother Dodge hugs the highway and takes the curves in stride. Here's a big-car mobility that means long life time saving.

And if you've never driven a Dodge before, you'll be amazed at the comfort of chair-high seating—which also allows you an unrestricted view of the road—wonderfully safe air-hand valves and the eager response of the famous dependable Dodge engine.

Head-tail the 1984 Dodge—discover the difference for yourself.

Remember...There's a Car in the DODGE family that's right for your family.

Reiersen's Reply To Speech From Throne

Urges Early Completion of Highway 36 To Link South

Mr. Reiersen, M.L.A., in his speech to the House of Commons, Feb. 19, 1964, urged the early completion of Highway 36 to link the south of the province with the rest of Canada. He stated that the completion of this highway would be a major step towards the development of the south of the province and would provide a direct link between the south and the rest of Canada. He also mentioned that the completion of Highway 36 would provide a direct link between the south and the rest of Canada.

TRAFFIC SAFETY LANE

By J. W. McRAY

The new 1/2 mile wide, asphalt-paved "Safety Lane" between the intersection of the main highway and the main street in St. Paul, Alberta, is now open to traffic. This lane, which is the first of its kind in the province, was opened to traffic on Monday, February 26th, 1936. It is a 1/2 mile wide lane, 10 feet wide, and is paved with asphalt. It is a "Safety Lane" because it is a lane for the use of the police, and it is a lane for the use of the public. It is a lane for the use of the police, and it is a lane for the use of the public. It is a lane for the use of the police, and it is a lane for the use of the public.

THERE ARE JOBS

We haven't run out of jobs in Canada by any means, declares the Toronto Industrial Panel. There is work waiting to be done on our own frontiers. We may have to work a little harder. We may not be able to pick the choice as we have been doing in the past, but we can win the war. But this country was built by men who were not afraid to go after John. It cannot stop its tradition of progress and self preservation on the markets of the world if we not back and wait for the jobs to come.

TUDENTS OF ST. PAUL SCHOOL AT WORK IN CLASSES

Public Sees Relation Between Teacher-Pupil

St. Paul are interested were opposed to parents last Wednesday, on the grounds of Education House, Room 7 to 7:30, with an invitation to visit the schools. A group of 100 people gathered to discuss the different class rooms and observed the methods of instruction being used and the progress of the children.

It also provided a basis for a mutual understanding between parent, teacher and child—a principle on which education and 7 and being recognized as a comprehensive effort in educational practices.

The Principal of the school, the teachers and the board of trustees are appreciative of the interest expressed and wish to thank the visitors who have been so helpful in their cooperation in these and like children.

Reiersen Closes Debate On Speech From The Throne

The debate on the address from the throne in the House of Commons today was closed by the opposition leader, Lester B. Pearson, who said the government's record was "not good" and that the speech was "a masterpiece of evasion."

Pearson said the government had failed to live up to its promises in the 1967 election campaign, particularly in the areas of social services, health care, and education. He accused the government of "evasion" in its response to the opposition's criticisms.

The debate was the first of a series of "debates on the state of the nation" that Pearson has announced he will hold over the next few weeks. He said these debates would allow the opposition to "put the government to the test" and to "show the people what the government is really doing."

The opposition leader's speech was a scathing attack on the government's record. He said the government had failed to live up to its promises in the 1967 election campaign, particularly in the areas of social services, health care, and education. He accused the government of "evasion" in its response to the opposition's criticisms.

PENSIONS ARE NOT FREE

For the most part, Canada's old age pension scheme vies for the top spot in the budget.

The grand total comes to \$388.6 million or \$22.6 per person, even those who are not yet old age pensioners. Every year we must cut an amount equal to more than \$2.6 for each of us collected in personal income tax, or more to that total, if we have other sources of income. In other words, most half of what was taken in general sales tax.

Old age pensions last year cost Canadian taxpayers 10% of the total federal tax revenue. That's not too bad, as we spent on public works, and almost a fifth as much we spent on national defence.

But it is that small part of the world's knowledge helping people. Few nations are doing that job as generously as this.

Bishop Lussier Speaks At Jaycee Convention

Mr. Charles M. Lussier, President of the International Association of Young Men, spoke at the annual convention of the St. Paul Jaycee Club, held at the St. Paul Hotel, Tuesday night. Bishop Lussier, who is also the Bishop of the Diocese of St. Paul, addressed the group of about 100 members and guests. He spoke on the theme, "The Church and the World." Bishop Lussier said that the Church must be active in the world, not just a passive observer. He urged the young men to take an active part in the life of the Church and the world. He also spoke of the importance of family and community. Bishop Lussier's address was well received by the audience. The convention was a success, with many interesting discussions and social activities.

CHANGE

to a GAS RANGE and Save Money

During the transition from coal to wood, your converted range has demonstrated the comfort and economy of natural gas as a fuel.

Now you are ready for even cleaner and more efficient heat! There are gas ranges today that not only cook to perfection but also have built-in heaters and every automatic control desired, including clock controls which permit you to leave dinner cooking while you are out.

The average cost of operating a modern gas range for a family of four is approximately 40 cents a month, compared to three to four times that amount for a converted range.

Your gas company manager will be glad to advise you on what type of gas range you should buy. See him today!

TRAFFIC SAFETY LAKE

By J. W. McRAY

Why attend? When the summer season is in full swing, the roads are crowded with cars, trucks, and motorcycles. The danger of accidents is increased. It is essential that all drivers attend a traffic safety course to refresh their knowledge of the rules of the road and to learn the latest safety techniques.

the "Mad Russian Kammer" to popular Matt Murphy is a good thing, as the latter is assured from the opening bell.

LAW WHITEHEAD

The feature event will be a 66-minute, 2-out of 3 falls, with local champion in action on the mat.

Stars of the contest are Bill Brown, 120 lbs. of Chicago, and Texas Anne Leverone, 124 lbs. of Houston.

The highlight of the evening, of course, will be the sensational and always popular lady wrestles in action. Any two of the finest female mat stars in America have been signed for this bout.

TRAFFIC SAFETY LAKE

By J. W. McRAY
A very good example of a traffic safety lake is the one at the University of Alberta. It is a lake of 100 acres, and it is used for traffic safety training.

Got those cost-of-living blues?

Most people seem to have them these days. Prices have gone up and up... food, housing, just about anything you can think of. But gasoline has tried hard to keep its feet on the ground... and with some success...

Because while wholesale prices in general are up 100% more than double what they were before the war... Gasoline's across Canada are up only 42%... about as much as most other things.

Here in Alberta, gas is up even less. At Edmonton for instance, the wholesale price is only 142% higher than pre-war.

Opposed To Wheat Price Cuts

The Canadian Wheat Producers' Association is opposed to any reduction in the price of wheat. The association believes that the current price is fair and that any reduction would be detrimental to the Canadian wheat farmer. The association is currently lobbying the government to maintain the current price level.

A VALUABLE ORGANIZATION

For equalization there have been called upon to do a very important part in the development of Canadian culture from the Canadian Grain Growers' Association, whose long-standing program has been to provide education for every person in Canada.

We have pleasure in relating this important body on the occasion of its 50th Anniversary.

A History Of Canadian Utilities

Begin Operations From Vermilion Line Reaches St. Paul In 1936

The Canadian Utilities Limited first installation must be made in the St. Paul area. The Vermilion plant, which began operations in 1936, was the first of a series of plants which would supply the St. Paul area. The Vermilion plant was built by the Canadian Electric Corporation, which was a subsidiary of the Canadian Utilities Limited. The plant was built on the Vermilion River, which flows into the St. Lawrence River. Here's MORE POWER to YOU

Power, and all that it means to our everyday lives, is now flowing to 244 farms in the St. Paul area. This is an indication of the fast expansion of farm electrification in the West as well as a tribute to the rich St. Paul farming district and its industrious citizens! Power means much to us all. To you, the Farmer, it means electric milking machines, an increase in returns from your poultry flock, better and safer working conditions around the farmyard and many more advantages. To you, the Farmer's Wife, it means modern plumbing, electric appliances and a comfortable and more

gracious way of living for the whole family. Electricity also helps to keep the future generations on the farm! The map illustrates the sections now electrified as well as those areas soon to receive this service. It is our 1934 expansion program! Your safe, economical dependable servant—electricity—working hard in hand with you, is a most important factor in the building of a more productive present and the shaping of an even brighter future!

Great Province-wide Expansion

This Alberta of ours is truly the most favored of provinces, in it's tremendous agricultural potential! This vast productivity is growing and expansion of farm electrification will keep pace with this growth. Power on the farm is a willing and dependable servant, and in the brief span of the past seven years, the number of Alberta farms electrified has leaped from 1,228 to 25,000! This vast

undertaking is an indication of our faith in the future of this great province of ours. Electricity brings not only light to the modern farm, but also increases the standard of living, putting it on a par with even the most fortunate city dweller. The multiple advantages of rural life combined with the luxury of a city home—that is electricity!

ELECTRICITY COMES TO ST. BRIDES

In the farm home of Jack Connor, St. Brides are found more electrical convenience. Mrs. Connor proudly demonstrates the use of a Co-operative refrigerator which keeps the family's food cool, saves it and is responsible for the service.

Causes Of Radio Interference

There are two things more annoying than having your favorite radio program drowned out by a sound like a thousand eggs frying in a clear grease sizzling on a hot stove. One is the sound of a radio set that is not working properly. The other is the sound of a radio set that is not working properly.

One Of First To Venture In New Field

Mr. Jack W. Connor, President of the St. Brides Rural Electric Association, was one of the first to venture into the new field of farm electrification.

BONACHUK'S INVEST IN COMPLETE REFRIGERATION

When the lights were turned on at Mary Bonachuk's, they brought about the modern convenience depicted in the photo above of a refrigerator made doubly efficient with the installation of a "Deep-Freeze" unit and refrigerator sold by Bedard and Sons, St. Paul. Mrs. Bonachuk expressed eagerness to have refrigeration and all other appliances made for home by the same source.

Procedure Of Borrowing For Program

Prior to commencement of construction, a master Agreement is completed between the Power Company and the Association. The Agreement fully covers the terms of service and responsibilities of each party to the program. The Agreement is for a term of ten years, and contains a force from year to year thereafter subject to termination at the end of any such year by either party, giving the other party ninety days written notice of intention to terminate the Agreement.

Actual Cost Statement
At request for the Association, the Company will construct, install and maintain the lines at cost to the Association. Upon completion of the Association's work, the Company will render construction a statement of the actual cost of the work. Any surplus will be refunded to the Association, with the approval of the Provincial Treasurer, in the event the estimated cost was insufficient to the Company or to the Association.

A black and white illustration of a crowd of people cheering and holding a large sign that says "JULY CLEARANCE!". The crowd is diverse, with people of various ages and expressions, some wearing hats. The sign is large and bold, with the word "JULY" in a smaller font above the word "CLEARANCE!". The background is dark and textured, suggesting a night scene or a crowded indoor space. The overall style is reminiscent of mid-20th-century graphic design.

Report On Alberta Farmers' Union Convention Held in St. Paul

The annual convention of the Alberta Farmers' Union was held in St. Paul, Alberta, from July 27 to 29. The convention was attended by over 100 delegates from various parts of the province. The main business of the convention was the election of officers for the coming year. The delegates also discussed various resolutions relating to the interests of farmers in Alberta. The convention was held in a large hall, and the atmosphere was one of serious business. The delegates were well-informed and took part actively in the discussions. The convention was a success, and the delegates returned to their homes with a sense of purpose and determination.

349 Scouts Capture Canadian Ship

A group of 349 Scouts, representing various districts in Alberta, captured a Canadian ship. The ship was a small motor launch, and it was found in a lake. The Scouts were on a patrol, and they discovered the ship. They went on board and found it to be empty. They then searched the ship and found some valuable items. The Scouts were very proud of their achievement, and they were rewarded for their bravery. The ship was then returned to its owner, and the Scouts were praised for their actions.

Payments On Judgement Fund

Payments on the Judgement Fund were made today. The fund was established to help pay the judgements of the court. The payments were made to the court, and the court then distributed the money to the judgment creditors. The fund was a success, and it helped many judgment creditors to receive their money. The court was very pleased with the results of the fund, and it was decided to continue it for the future.

Elk Point Local Double Header Still Game in Elk Point

The Elk Point local double header was still game in Elk Point. The game was played between the Elk Point team and the local team. The game was very exciting, and it was watched by a large crowd of people. The Elk Point team won the game, and they were praised for their skill and teamwork. The game was a success, and it was decided to play another game in the future.

CLAMS INVENTION OF POCKET-SIZE RAINBOW DETECTOR

A new invention, the pocket-size rainbow detector, was shown today. The detector was a small, portable device that could be used to find rainbows. It was invented by a man named Clams, and it was very popular. The detector was shown to a group of people, and they were all impressed by its design and function. The detector was a great invention, and it was decided to make it available to the public.

TRAFFIC SAFETY LANE

A traffic safety lane was established today. The lane was a special lane for traffic, and it was used to help reduce traffic accidents. The lane was established in a busy area, and it was very popular. The lane was a great idea, and it was decided to make it a permanent feature of the road.

FUA CONVENTION DELIBERATES

The FUA convention deliberated on various resolutions today. The resolutions were related to the interests of farmers in Alberta, and they were discussed in detail. The convention was a success, and the delegates returned to their homes with a sense of purpose and determination.

Bank Services smooth the way for Travellers...

Travellers check from a bank are convenient and make them much for day-to-day travel expenses.

On longer trips requiring larger sums of money, a Letter of Credit can save purpose better.

When you go on a business or pleasure trip, your local bank can help smooth the way. Money arrangements can readily be made in advance; values left with the bank for safeguarding; currency and similar questions straightened out before you leave. Whether your journey near or far, the bank helps you travel with an easy mind.

Today, Successful Farmers Rely Upon Machine Help

Profitable, efficient, low cost farming depends largely upon the effective use of machinery to get more work done in less time and at the lowest possible cost per unit of production.

This trend to mechanization of more and more farm operations and to the utilization of the greater advantages in work output of the latest machines has been speeded up by the economy and high cost of dependable, experienced farm labour.

When checking your work program to see to what the labor-saving features of the latest Massey-Harris and Ferguson machines. Designed and built to help you do more work quicker and at less cost, Massey-Harris and Ferguson machines fit ideally into present-day farming operations.

For high quality equipment and for fast dependable service use your local dealer.

Follow-Up Rally Is Held

The first general follow up to the "Protest Highway" anti-rally held in Baltimore during MAY is proving to be no smaller success. It is the Campaign Committee which organized June 28th on the outbreak of a speech or longer.

Exploratory reports to the A-

ports duty Council reveal an unreciprocated interest and gratifying response in many cities (Lower Villages and municipal districts. More than 80 of these cities are already actively co-operating in this Province-wide campaign.

Art Brown Makes Request For Month Read By St. Vincent

A delegation of directors, representing the St. Paul & Lake Shore House Association and community of The Holy Crosses, Taylor's visit last week to interview him and request recognition of a plan to have a Christmas

Interlocking highways. The Art Deco style of St. Louis. President of the Association for the Federal road program, Secretary of Labor Frances Perkins, and Mayor James S. Mullaney were among those who attended the ceremony. The highway system was designed by the Bureau of Public Roads and the Federal Highway Administration. It was the first time that a state had such a comprehensive highway system. The system was designed to provide a direct route from St. Louis to Chicago, and it was the first time that a state had such a comprehensive highway system. proposed and the plan his government was working on to ultimately provide through highway connections south and north and east and west.

Through traffic highways are not intended to develop or serve individual communities and

These three legislative candidates parade. They are, in order of sequence, Senator Charles E. McNamara, and U.S. House members John J. Pickens and John C. Stennis, who provided infantry support in the parade route of travel.

Discussing highway 25 from Hanna north, Mr. Tryler pointed out the St. Arthur-Casper where current construction is under way, and where the decision on the Lae La Highway-Paul Highway comes to point, east to St. Paul or straight north via Bismarck.

According to the newspaper, said Mr. Tryler, no definite plans have been made at this time and the answer must wait.

the wishes of the greater majority and present number of population. There may be a possible delay in the balance further must be made on the balance matter, regardless of which way it goes.

At this point, Mr. Taylor dealt with municipal grants from Alberta Government and recommended, for the time being, a Ministerialial grant, which would provide the necessary link in the larger context of the municipal services are available.

The Rt. Pres. H. de has received grants in the amounts of

For Leacock was dismissed with record of 100 days for the charge of being drunk while driving to Sterling Heights. "When I was 20 years old, I was drunk every day," Leacock says, portrayed in a 1940s-era photograph as a young man with a mustache and a wide-brimmed hat, the one-eyed and a number of girls standing in a wedding reception. Leacock says he returned to the streets of St. Louis from a 10-day stay in the County Jail.

He met a female companion of Commerce Park, inside the construction on each block, by President John F. Kennedy's son and daughter-in-law, the couple went to Leacock's house.

All-Time High For Alberta Winter Wheat

Wheat prices in Alberta have reached a new peak, with the current crop commanding a premium over the previous year's harvest. This is due to a combination of factors, including a record-breaking yield and a strong demand from overseas markets. The current crop is expected to be one of the best in the province's history, and the high prices reflect the quality and quantity of the harvest.

Alberta's Driver Testing Program For Rural Areas

The Alberta government has implemented a new driver testing program specifically designed for rural areas. This program aims to ensure that drivers in these areas are well-equipped to handle the unique challenges of driving in less populated regions. The program includes additional training on topics such as emergency procedures in remote areas and the use of alternative routes.

VICTORIOUS EASTERN OUNT FOR 18K5

During their three-day eastern exhibition tour with a record-breaking 18K5 record at St. Paul, the team has been a great success. The team's performance has been exceptional, and they have received a warm welcome from the local fans. The exhibition tour was a great success for the team, and they are looking forward to continuing their tour in other parts of the province.

Statistics On Alcohol

The St. Paul, Alberta, Police Department has released a report on the statistics of alcohol consumption in the city. The report shows a steady increase in the number of alcohol-related incidents over the past few years. This has led to a corresponding increase in the number of arrests and fines related to alcohol. The police department is working to address this issue through various community programs and increased enforcement.

Statistics have been compiled and published by the Alberta government, showing a significant increase in the number of alcohol-related incidents. This increase is particularly concerning in rural areas, where the availability of alcohol is more limited. The government is taking steps to address this issue, including increasing the age limit for purchasing alcohol and implementing stricter licensing requirements for alcohol outlets.

BOARS OPERATING SUCCESSFULLY
Canada's White Boar is doing a pretty good job. That is the opinion of Prof. David L. Macfarlane of Macfarlane University, who has been studying the White Boar in Canada since 1937. He recently completed a study of the White Boar in Canada.

A SOUND INVESTMENT
If you want more grain this year or if it has been 4 years since you have more registered and don't own the many advantages of pedigree seed, it will cost only a small amount more per bushel. Yet registered or certified seed is pure in variety, of high percentage germination, and is free from disease, weed seeds. Certainly for the small seed the grower would gain by the advantages of pedigree seed for registered grain that may cost a few cents more but all too frequently contains a large number of other crop and weed seeds to the point.

TAX CUTS?
Legislators should be some help to tax reductions when the new Canadian Income Tax Act comes into effect.

LOWER HOME
Homes have surprising strength recently because of unexpected spreading and all forms of construction. But little chance of change in current home values. Real estate prices have almost caught up with the year's 20 per cent decline for homes.

Watched better never built
 A watched better never built, they say. But that's not true when you use **Quicker with GAS**. Because you get instant heat the moment you turn on your gas range or furnace... no waiting for the flames to heat up or the fire to start to burn.

Gas is the most economical of all fuels... gives controlling heat... no waste from overcooking. Gas is so convenient, too... just a flick of the finger and you have heat for cooking or for heating your home... all the temperature you want! No fuss and bother about storage or complicated wiring.

And gas is safer because it eliminates dangerous kerosene. So DON'T LET ANYONE POOL YOU.

Cool quickly with GAS

THE TORTOISE AND THE HERRING
A fable by A. S. Krowley
The tortoise and the herring were both very old and very wise. One day they were walking along the shore of a lake. The herring was very fast and the tortoise was very slow. They were both very wise and they were both very old. They were both very wise and they were both very old.

OLD MAN WINTER WITHHOLDS HIS PUNCH

Very little below-normal temperatures are shown for Canada for the week 30 days ending in this chart presented. But this, of course, does not mean that the weather is mild. Only the temperatures up to 30 degrees below zero are shown.

British Columbia and the western part of Ontario will be lucky to escape the worst of the cold. The rest of the country will be hit hard and long.

Continues

On December 1, Mr. Mark G. Gosselin, a 21-year-old son of the late Mr. Gosselin, died at the age of 21 years.

Mr. Gosselin was a student at the University of Alberta, where he was studying for a B.A. degree in Economics.

He was a member of the University of Alberta Students' Association and the University of Alberta Students' Union.

He was a very bright and capable young man, and his death is a great loss to his family and to the University of Alberta.

Funeral services will be held at 11 a.m. on Thursday, December 7, at the St. Paul Roman Catholic Church.

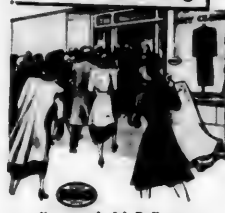

Interment will be in the St. Paul Roman Catholic Cemetery.

MALLIG BULLETIN

C. E. BELLEVILLE, LOCAL REPRESENTATIVE

Come, all ye faithful...

Joyful and triumphant, once more the message of Peace On Earth, Good Will Toward Men rings out through all the world. As it comes once upon a midnight clear, may the spirit of Christmas come to your home and your heart, this Day, and bring you serenity and happiness through all the days of the year ahead.
